

CARBOHYDRATE/CADROIT

27 May 55

Date, Time, and Place of Meeting: 26 May 55, 1900-2130, CARBOHYDRATE's Apt.

Present: a. CARBOHYDRATE b. C

1. After the ~~usual~~ usual amenities, CARBOHYDRATE delivered the following written material:

- a. 21 CADROIT contact reports concealing CASTABIA cases.
- b. Full address of the mailer who is really an SFS Spitzel. It is: Jean Blom, Brln. Weissensee, Lichtenbergerstr. 9.
- c. 13 peripheral reports re the SFS. For CART.
- d. Fragebogen on new leader of Verwaltungabt., Dr. Gustav LEISSNER. (Note this is third of fourth which has come in automatically, as it should. This ~~xxxxxx~~ shows the positive results of the recent heart to heart talk which Pepin and CARBO recently had this subject.)
- e. Circular memo^f written by CARBO to all staffers re security regulations for handling visitors and Mitarbeiter. Attached.
- f. Report written by Dr. Berger re continuation of SFS attempts to induce him to ~~to~~ return to the Sovzone. His mother-in-law visited him on 19 May, stating she had been visited ~~six~~ times by SFS and given the task of inducing Berger's wife, and Berger himself, if possible, to return to the zone. The moth^r in law had attempted to convince the SFS that Berger would not return. The SFS, which continues to show unusual persistence in this case, said it felt Berger really wanted to return, ~~xxxx~~ and was deterred from going back to a good job, money, forgiveness, etc. in the Sovzone only by fear that the previously made SFS assurances would not be carried out. The SF officer had given Berger ~~2~~ $\frac{1}{2}$ of a year to think the matter over. If he did not throw his lot in with the East by that time, he would receive at least 25 years imprisonment at the appropriate ~~xxxx~~ time. The SFS office also told the mother-in-law that he had been stimulated to approach her through statements made to the SFS by Jacobs, who as earlier reported is a Spitzel who has also been used by the SFS to work on Berger. Jacobs had played up the possible influence which the ~~xxxx~~ mother-in-law would have on her daughter and on Berger. The moth in law will report to the SFS that the task is hopeless; Berger is a confirmed CADROITER. Berger's wife will also leave Berlin for the FEDREP temporarily, in an attempt to persuade the SFS to leave the mother in law alone. Report attached for CART.
- g. Report by Berger re 25 May telephone call and visit by Jacobs. Berger attended a meeting with Jacobs only reluctantly, at the latter's pleas, and accompanied by CARBO. Jacobs appeared to be surprised by CARBO's presence, stated he only wanted to give Berger a personal warning that the SFS still continued their interest in him. The SFS felt that only Berger's fear that its assurances were worthless kept him from returning to the zone; it had therefore prepared a letter to him containing all of its previous assurances (important job in East, money, house, ~~xxxx~~ forgiveness, etc.) which Berger could give to a friend in West Berlin.

DECLASSIFIED AND RELEASED BY
CENTRAL INTELLIGENCE AGENCY
SOURCE METHOD EXEMPTION 3828
NAZI WAR CRIMES DISCLOSURE ACT
DATE 2008

If the SFS went back on its assurances after Berger returned to the East, the friend could publish the letter. Berger noted such a letter was really worthless. Had the SFS considered his offer to meet SFS representatives in West Berlin? Jacobs answered that the offer had been rejected due to suspicion that action would be taken against the SFS representatives who attended. Berger talked to Jacobs in a fairly stern manner during the meeting, indicating that continued attempts ~~made~~ to approach him were useless. When asked whether he had attempted to bring any one else into the SFS action to induce Berger to return (without mentioning that the mother in law had told Berger), ~~Frank~~ Jacobs denied that he had done so. Report attached.

2. CARBO reported orally that:

a. Regierungsdirektor Dr. Weissmann had telephoned 25 May (note the new Dr. title) to inform he had a report stating the SFS planned a concentrated action against CADROIT ~~early~~ early in June. Action to have three elements as follows:

- (1) Attempt to break into office. No further details.
- (2) Attempt to kidnap CADROIT staffer whose name begins with "r". No further details.
- (3) Arrest action aimed at MA in the East.

Weissmann could not give a firm evaluation of the report. A lengthy review of the physical security picture, persons whose names begin with "r", etc. took place. Only three persons in CADROIT know of ~~this information~~ the warning, CARBO, HENARD, and LADELL. Following is summary on physical security:

- 8pm black-uniformed police inside CADROIT building at all times during the night (in Warterraum).
- one policeman who continually circles the building during the night. CARBO wrote a letter to the police requesting a dog for him. Attached.
- patrol along L. str. between K. and E. str.
- night watchman inside the building. Usually near the entrance, where one of the alarm bells is located.
- alarm bells in strategic locations. Warning goes to police

Præsidium Tempelhof, which radios the nearest police cars. This is the same protective system as that used for banks. All elements have been reported before.

Following are names of persons whose names begin with "r":

Richter (important/no pistol)
Re. (important/has pistol)
Riebel (important/has pistol)
Rudolf (not of first importance-driver/has pistol)
Reimar (not of first importance-works in Bonn-now in England on vacation/
no pistol)
Riedel (not of first importance-works in K'damm)
Rank (important/ pistol status to be checked)

In this same connection, CARBO prepared two letters: one to Abt. V requesting another policeman to be stationed at the nearby subway station (Standplatz), ~~and one to the Wachpolizei~~ and one to the Wachpolizei requesting a dog for the night patrolman who circles the CADROIT bldg.

b. Re Gut, the SFS Spitzel who is a mailer, LADELL had informed CARBO that an arrest would be made 1 June (the next time Gut is to visit CADROIT), unless a concrete plan for other action had been agreed upon by the evening of 30 May. [] noted that he still wanted to exhaust all possibilities for (1) a CART playback, and (2) a CADRANK use of Gut (i.e., carry a message to a target which we want to destroy, knowing that the SFS will intercept the message.). [] instructed CARBO that no arrest was to take place without his (or [] being informed and concurring. CARBO was instructed to inform LADELL and HENARD to this effect, as necessary. [] agreed with CARBO's (and LADELL's) argument that the present situation should not last too long: it is a strain on Froelich and Pesch, who must be very careful in dealing with Gut that he does not learn more than he should re other mailers, etc. But any CART or CADRANK possibilities would be fully examined before any arrest. CARBO will act accordingly. (COMMENT: Matter has already been discussed with CART, which showed no great initial interest. This will be closed out finally before an arrest. CADRANK possibility also to be discussed with SANLLEY.) Further details re Gut: he has been surveilled again with the same result, i.e., he reported to a pair of civilians in East Berlin ~~acting~~ in a black car bearing a ZM license plate after a visit to CADROIT to pick up letters.

c. FrL. Krueger of Fluestatt had called CARBO again to inform him in very concrete terms that Fluestatt has no interest in DDR visitors of any sort except those living in either East Berlin, Potsdam, or ~~Eberswalde~~ Eberswalde. She stated that CARBO should refer no persons to Fluestatt except persons from these cities. She had been again informed that this would mean that very few persons would be sent to Fluestatt. She had replied that she understood this. [] instructions to CARBO after Krueger had earlier called him to the same effect had been to continue sending persons to Fluestatt as he had in the past ~~xxxxxxx~~ despite Krueger's instructions. Checks within BOB at the time had shown that the matter of EEI's to be given ~~KRUEGER~~ CARBO were apparently under review, but that no definite answer could be given.) [] now ~~instructed~~ instructed CARBO to comply with Krueger's instructions. ~~xxxxxx~~ (Geo. K. has since been informed to this effect.)

3. [] delivered 5 originals of letters concerning the CARCARANA 2 divorce which he had reproduced.

4. [] informed CARBO that he desired to give a test mission to an East Berlin resident unknown to CARBO. The mission would be to receive a letter in West Berlin, infiltrate it into East Berlin, and mail it there. To this end, one of the CADROIT addresses in West Berlin which appeared to be in East Berlin was desired. [] would insure that an agreed upon return address would be used so that CADROIT could identify the letter when it came to them and deliver it to [] CARBO instructed to bring one of the CADROIT addresses to the next meeting.

5. Next meeting: 2 June 55, 1900, same place.

-4-

ADDENDUM: CARBO reported the following re Kaiser:- Kaiser had telephoned Friday, 20 May, and visited CARBO on 21 May at CADROIT. K. stated he would fly to Fedrep. next Wed. to take a new job in Fran. or Heidelberg. He would get an apartment there. His wife would join him probably in August or Sept. His wife is to receive DM 240/~~dis~~ per month, the money to come direct from the Fedrep and not through K. The DM 70 due Ehrlich is to be paid out of his June pay due from CADROIT. K. asked for his Workingpapers. This last matter was taken care of by IADSL.

Although this matter is progressing smoothly, CARBO was instructed to report any info he receives re K. in some details.
